

Build Unbreakable Resilience Through GRC Automation

Put GRC on Autopilot

Manual GRC work is tedious, repetitive and time consuming. Stop wasting time digging through spreadsheets and creating presentations. Let our platform automate all these processes.

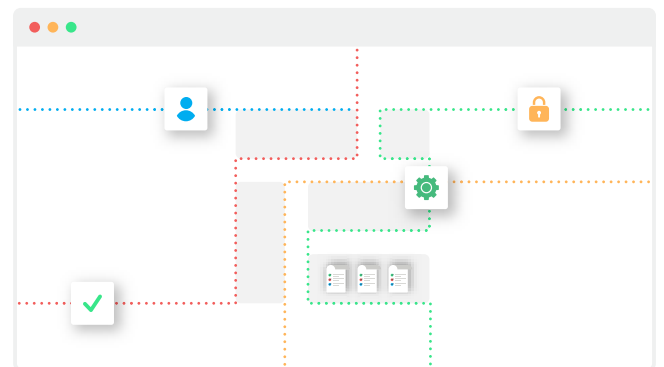

See the Whole Picture. All the Time.

Gain a single pane of glass view into your entire compliance status and risk posture. Our powerful visualization tools and API integrations let you continuously monitor your business processes and make informed decisions.

Customizable & Future-proof

Unlike one-size-fits-all solutions, Commugen's platform is built for GRC, and being a no-code platform, it's easy to customize workflows, reports and dashboards that adapt to your evolving needs.

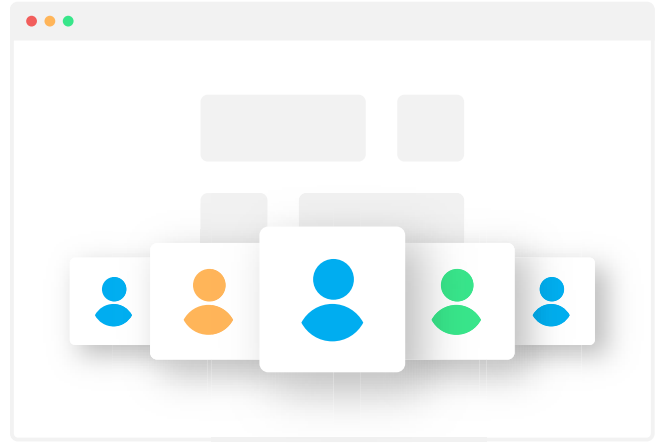

Trusted by leading enterprises:

Empowering Cross Organizational Cooperation

GRC is a team sport. Our platform is built to give you the tools to collaborate. Native dashboards keep senior management, boards, and regulators fully informed. Project management tools allow for easy task delegation. Automatic alert systems keep everyone in check of their responsibilities.

Proven Results

Forbes 2000 companies and leading organizations trust Commugen to prevent costly mistakes, save valuable time and revolutionize work flows.

Effortless Deployment

Getting started is quick and easy. Our platform is cloud-based or on-premise to fit your needs, and our deployment is seamless.
